

ENERGY MEETS EXPERIENCE KNOWLEDGE TRANSFER WORKSHOP

Free workshops for North Yorkshire and East Riding Engineering, Digital and Manufacturing SMEs.

North Yorkshire Business and Education Partnership (NYBEP) has designed a Toolkit in partnership with Derwent Training Association on behalf of Calderdale College. It forms part of the College's wider work within an ESF-funded Skills Support for the Workforce programme, which aims to support the skills priorities of the York, North Yorkshire, and East Riding Local Enterprise Partnership.

Business are invited to attend or host a workshop. The workshop of upto 5 employers, is an evaluation and information sharing exercise designed to support organisations in evaluating **knowledge transfer** in their business and providing links, case studies and ideas to create a robust skills plan for the future.

The workshop and outcomes will be tailored to business needs with a strong focus on supporting business objectives and plans.

The workshops will take place across the region through **April and May 2018** based on business availability , to register your interest or for further information please email:

corey@nybep.org.uk or **lauren@derwenttraining.co.uk**.
