Opportunities for Employers to support York, North Yorkshire, and East Riding Schools

9:00-2:30			Business Adviser Sponsorship	<p>opportunities. Last year over 1,000 students from across 40 schools from across Yorkshire and Humber took part in the event.</p> <p>At the core of this event is a real celebration of achievement – we put young people at the heart of this event, displaying their ideas, projects and prototypes created within education or outside to our expert judges recruited from business, HE and other partners. Last year 100 projects were showcased and over 50 awards were made to students at the event by our judges and sponsored by businesses and partner organisations.</p> <p>Last year we were delighted to team up with York, North Yorkshire and East Riding Local Enterprise Partnership, local employers and organisations including Drax Power, Doosan, FERA, Dale Power, Nestlé, RAF, Army, Navy, Sirius Minerals, Network Rail, GHD Ltd, Portakabin, and the Rotary Club as well as our education partners Askham Bryan College, York College, University of York, York St John and Coventry University and many more. This year we aim to make the event BIGGER and BETTER!</p> <p>Employers are invited to JOIN US and support in a variety of ways including acting as an Advisor/Judge, sponsoring an award, providing a hands-on activity that promotes STEM or a careers stand.</p>

Opportunities for Employers to support York, North Yorkshire, and East Riding Schools

We are looking for Employers to talk to schools through assemblies/drop down days on various topics including, skills, what employers are looking for in young people etc. We have a particular focus on Employers in schools across the North Yorkshire Coast. Again if you would like to talk to young people please let us know and we can provide further details.

Opportunity definitions –

Employer Speaker: this typically involves working with groups of students either in a session repeated to small groups across the day or in an assembly to a large group of students – talks can focus on, sharing knowledge and expertise of your sector/business, your career pathway, skills employers are looking for, recruitment process and more.

Employer Workshop: this typically involves working with small groups of students with the workshop repeated across the day and features as part of a drop-down day – workshops can be informative on your sector/business and employers are encouraged to do a hands-on activity or take a demonstration in of something you use in the workplace. Some schools request specifically STEM themed workshops, Science, Technology, Engineering and Maths (STEM) and support with promoting Apprenticeships.

Mock Interviewers: Mock interviews typically take place in a large school hall with students scheduled to visit for their allotted time. Employers are asked to ask a set of generic questions provided and to complete a small feedback section on each of the students interviewed. The feedback is presented to the school after the event by NYBEP.

Business Advisers: this typically involves supporting NYBEP led STEM and Enterprise Challenges for example encouraging/listening to the student's ideas and supporting with the judging of the final ideas.

Speed Networking: this typically involves a timed (up to 5 minutes) two-way conversation between employer and student with questions and answers on employers' job role/career pathway. Full information/briefing is provided on the day.

Various: any of the above where appropriate.

CPD/Networking – opportunities for employers to engage with teachers to support developing resources/updating teachers or employers.

If you would like to be involved in any of the opportunities, please email events@nybep.org.uk with the dates/schools you would like to support. Alternatively, if you would like further information please do not hesitate to contact **Sam Davison** on **01904 567616**
